

**DEAR
FAMILY**

Parents: Use the tips and word search on this page with your child to continue fire-safety learning at home.

FIRE-SAFETY TIPS FOR FAMILIES

- 1** Stay in the kitchen when frying, grilling, or broiling food.

- 2** Keep space heaters three feet from anything that can burn.

- 3** Turn space heaters off when you leave the room or go to bed.

- 4** Have your chimney and heating equipment inspected every year.

- 5** Blow out candles when you leave the room or go to sleep.

- 6** Keep matches and lighters up high in a locked cabinet.

- 7** Have smoke alarms on every level of your home, inside each bedroom, and outside each sleeping area. For the best protection, interconnect the alarms so that when one sounds, they all sound.
